Rishon LeZion, Israel

Date of birth: 11 December 2008

PROFILE

High-school graduate with a strong interest in the exact sciences — mathematics, physics and computer science. Has been building websites since a young age and works with AI tools to design and develop them. National-level squash player and private tutor with two years of experience, recognised for outstanding contribution to the school community.

EDUCATION

Gymnasia Realit High School, Rishon LeZion

Graduated 2026 · Major: Mathematics, Physics and Computer Science

Matriculation (Bagrut): 5 units mathematics · 5 units physics · 5 units computer science — the highest level offered in each subject.

EXPERIENCE

Private Tutor 2024 – 2026

- Tutored children in mathematics, English and computer science.
- Prepared lesson material and adapted explanations to each student's level and pace.
- Tracked progress over time and adjusted teaching methods accordingly.
- Consistently high satisfaction from students and parents, with ongoing referrals.

ACHIEVEMENTS AND AWARDS

- 1st place — website-building competition for girls in coding.
- 2nd place in Israel — National Squash Championship, elementary school division.
- Certificate of Social Excellence, for outstanding contribution to the school community.

SKILLS

- Mathematics, physics and computer science
- Website building and front-end development — self-taught from a young age
- Building websites with AI tools, from prompt to working site
- Teaching, explaining and simplifying complex material
- Discipline, focus and time management developed through competitive sport

LANGUAGES

Hebrew — native | English — fluent (taught at private-tutor level)

INTERESTS AND VOLUNTEERING

Animal welfare — rescues, fosters and cares for stray cats and dogs. Squash (competitive). Science and technology.
